

With the success of our academic year's story ballet behind us, we offer students the chance to advance in technique through maintenance classes and personal artistry through student choreography. While Ballet Esprit remains a classically based program, student choreography is fostered to promote artistic exploration and expression.

The regular technique class schedule continues for children and adults.

The eight week session will end with an open community, joint dance concert, August 3rd. All Summer Session students are invited to participate in this public, in house, performance at SPOT Venue. Students will have the option to not participate if they will not be available.
